

# ABOUT US

TEAM NEQUIT has been established in 2014 and progressing year by year with overwhelming success.

Team Nequit is an official Formula Student Team from Rajarambapu Institute of Technology, Rajarnanagar, Sangli.

We design, analyze and manufacture open-wheeled formula-style race car. We are the leading team from the Western Maharashtra who every year participates in two International level formula car competitions i.e. SUPRA, organized by SAEINDIA and powered by Maruti Suzuki and FORMULA BHARAT.

In 2019 we switched to Electric Vehicle. We represented our First Electric Vehicle at Buddh International circuit, Noida by participating in Formula Imperial 2023.
